## PREFACE.

This volume gives the town records of births, marriages and deaths from the close of the second volume to Dec. 21, 1890, and in addition the entries of baptisms, marriages and burials by Rev. John D. Smith, Rector of Trinity Church, Seymour, from 1834 to 1843; the baptisms from the Congregational Church records from 1817 to 1843; and a list of births, marriages and deaths within the limits of what is now the town of Seymour, from 1791 to 1847, as collected from original records, as specified on page 57. TOWN OF SAN ANTONIO,

TEXAS.

1914-1915.

VITAL STATISTICS  
OF THE  
TOWN OF SEYMOUR,  
CONNECTICUT.

JANUARY 1, 1901, TO DECEMBER 31, 1910.

---

PUBLISHED BY W. C. SHARPE, SEYMOUR, CONN.

## PREFACE.

With the completion of these pages there has been published the entire record of vital statistics of the town from its incorporation in 1750 to the close of the last calendar year. Not only have the town records of vital statistics been published, but in the earlier volumes there has been included all that could be gleaned from the local church records of baptisms, marriages and burials, and from monumental inscriptions, giving all data that could be so obtained for what now constitutes the town of Seymour, not only since its incorporation, but also for the century preceding, in convenient form for handy reference, in a total of 347 pages, completely indexed.

The first volume of 137 pages contains approximately 5,900 names; the second of 59 pages has about 2,400 names, and the present volume of 63 pages has about 2,900 names, making a total of over 11,000 names. With an average of two references to a name, this makes over four thousand references indexed for the present volume, and a total of about 25,000 in the entire series.

The earlier volumes, 137 pages in 1883 and 59 pages in 1899, were compiled and published entirely at the risk of the publisher. The volume published in 1901 was allowed a small sum from the town, but all were published at a loss. The publication of the present volume was therefore only undertaken after an appropriation of a handsome amount was made by the citizens of the town at the last annual town meeting toward the expense of the publication, and in the hope of the publisher that it may prove such a convenience as will be ample return for the investment.
